St. Mary's School: Scholarship, Bursary & Award Handbook

Education is an
investment in
your future.

Each year, thousands of dollars in funding is unclaimed in Canada. Why do eligible students miss the funding they have earned? This is because they don't know when or where to apply. This handbook will assist you in attaining all the scholarships, awards and bursary information you need.

St. Mary's School: Scholarship, Bursary & Award Handbook

MEETING THE CRITERIA

Here are some hints and examples of how you can show that you meet the criteria. How can you demonstrate some of the foremost qualities? You must look at **your** activities and decide what they illustrate. Be careful: do not belittle your accomplishments. Even the smallest activities will indicate some special skill or quality that is unique to you.

ATHLETIC ABILITY

Obviously, being chosen for the school team is a way of showing your athletic ability. But it is not the only way. Don't forget to include representation on local or municipal teams, and any other teams you have been on over the years. How about that golf trophy or the bowling trophy?

EXTRACURRICULAR ACTIVITIES

This is an activity above and beyond what is expected of you in regular classroom studies. Participation in clubs or local teams are obvious activities, but don't forget it may also include activities outside of school as well. Sports, drama, band, science clubs, photography club, or 4H are all examples of extracurricular activities.

FINANCIAL NEED

Work out your potential costs for university and the funds you actually have.

RESIDENCE REQUIREMENTS

This is your home, where your parents live, even if as a student you are away from home. If you are on your own, it is probably where you are presently living and have been for a minimum time. If you split your time between two parents, you may have two residences; this may be an asset to you, so be sure to check the individual funding source for their criteria. It may mean a special letter posing your question before you make application.

VOLUNTARY SERVICE

This is going to be one of your most important criteria. Volunteer work at the hospital, helping at the Special Olympics, being a member of a service club, singing in the church choir, child minding at the local fair, coaching the little league ball team, cleaning up after the school dance are all examples of when you have been of service to others.

St. Mary's School: Scholarship, Bursary & Award Handbook

CITIZENSHIP

Citizenship can have two meanings. It refers to the country in which you were born. Usually this is the same as your parents, but it may be different. The label may also refer to your volunteer capabilities. Have you been someone who is helpful? Document it. Get references if you can. Have you served on committees? This may have demonstrated citizenship.

HOW TO APPLY FOR A SCHOLARSHIP

1. PLAN AHEAD

Request application forms as early as possible.

2. WHEN IN DOUBT, APPLY!

The element of competition may work in your favour. Let the judges decide how much eligible you may be for their scholarship.

3. FILL OUT THE POST-SECONDARY SCHOOL'S GENERAL APPLICATION FORM

Most Canadian universities and colleges provide a general financial aid application form.

4. DO IT RIGHT

- Make a photocopy of each form to use as a working copy.
- It is preferable to **type** your application, or use black ink to copy your work to the donor's form: colored ink does not photocopy well. Many applications have an online format that the organization prefers that you use.
- Give full answers to every question on the form.
- Mark response boxes with an X: no check marks, no words.
- Be sure to answer every question.
- Never write in the margins or outside the answer boxes. Attach a separate letter to clarify or add to the information requested.
- Be sure that you and your parents date and sign all forms.
- Make photocopies of each completed form, and keep them. You may need to refer to these documents again.
- Use letter sized paper (8 ½" x 11") in white
- Only include what has been asked for in the application package.
- Mail in your application well before the due date to ensure that you do not miss the deadline.

St. Mary's School: Scholarship, Bursary & Award Handbook

YOUR APPLICATION PACKAGE MAY INCLUDE:

- The Application Form
- Transcripts
- Reference Letters

THE APPLICATION FORM

- Answer each question clearly and concisely.
- Always be aware of your choice of words. Use active, energetic words or phrases like "created" for started or began. Below are some examples of some powerful words:

- Promoted
- Produced
- Instituted
- Directed
- Coached
- Led
- Organized
- Established
- Coordinated
- Trained

TRANSCRIPTS

Official transcripts are only available from Alberta Education. You can order them online at <http://www.education.alberta.ca/students/transcripts.aspx>

A Course Mark Inquiry (Unofficial Transcript) can be printed by request from your Academic Counselor. Give them a few days notice if you need one printed.

REFERENCES

Include 2 -3 references with your resume. There are three types of references:

- a) A *character* reference
- b) A *community* reference
- c) An *academic* reference

Make sure that you get permission from the referee before you use their name and address for a verbal reference.

Listed below are some potential references:

- ◆ Employers
- ◆ Teachers
- ◆ Counselors
- ◆ Neighbours
- ◆ Coaches
- ◆ Clergyman

If you are asking for a print reference, please give your referee a minimum of two weeks to complete the reference. Provide them with a list of all the leadership, volunteer and extracurricular activities that you are involved with. Keep the original and send a copy of the reference with your application.

St. Mary's School: Scholarship, Bursary & Award Handbook

DISPERSEMENT

Keep in mind that organizations may take a great deal of time after the closing date to review the applications and decide upon the recipient of the award, scholarship or bursary. Some organizations may take up to six months to make a decision, so it is important to be patient in waiting to hear back on an application you have submitted. Also remember that it is not typical to contact all those who have applied, but just the successful recipient(s).

LOANS

Provincial Government

Most provincial governments have a student loan system available. If you are a resident of Alberta, you must apply for an Alberta Student Loan, even though you may be attending university or college in a different province.

For an application, go to the following website:

<http://studentaid.alberta.ca/>

Canadian Forces Officer Training Plan

Loan

A loan is a general term for financial assistance, which must eventually be re-paid by the recipient. "Student Loans" are usually offered at preferential or deferred rates of interest.

Major

A major is the discipline in which the student specializes. Most universities have a predetermined number of credit hours, which are required for a major in any subject area.

Mature Student

A person who lacks the usual entrance course works, and is over the age of 21. The student is being granted conditional entrance and has courses he/she must take and complete successfully.

Part-time Student

Most scholarships go to full-time students. However, there are funds allocated to part-time students. Generally, a part-time student is one with 11 credit hours or less per term.

Prerequisite

This is a course that must be successfully completed before you can take the course that requires the prerequisite. It could also be described as a previous condition or requirement.

Prize

An award usually "won" by the student after competitive comparison of potential recipients. Many "prizes" are non-monetary and are often symbolic (e.g. a medal, a trophy, a "book-prize".)

AAMDC 2015 Post-Secondary Scholarship Program

AAMDC Post-Secondary Scholarship

In recognition of the importance of an educated population to the future well-being of rural communities, the Alberta Association of Municipal Districts and Counties established the AAMDC Scholarship Program in 1995.

The AAMDC Scholarship Program is designed to encourage young rural Albertans to pursue further education, and thereby enhance the ability of these young people to make meaningful contributions to their communities in subsequent years. Through the Scholarship Program, the AAMDC provides funding assistance to five rural students each year (one student in each of the five AAMDC geographic districts).

VALUE

A scholarship in the amount of \$1,000 is presented to one successful applicant from each of the five AAMDC districts.

ELIGIBILITY

In order to be eligible, an applicant must:

- be a resident of a municipality which is a member in good standing of the AAMDC, including municipal districts, counties and Special Areas. Residents of cities, towns or villages are not eligible;
- be registered in his or her first four years of study at a recognized post-secondary institution (the applicant must not have any previous degrees or diplomas). Preference will be given to candidates attending a recognized post-secondary institution in Alberta, except in instances where the chosen program of study is not available in Alberta; and be pursuing a course of studies of relevance to local government and/or rural communities. (This criterion is not intended to restrict eligibility to applicants in only a certain few programs. Instead, applicants are invited to explain the relevance of their intended study program within their letter of application.)

APPLICATION PROCEDURE

Applications must be received no later than **August 7, 2015** and must include:

- a letter from the applicant, setting out his/her goals and objectives in pursuing further education, as well as the relevance of their study program to local government and/or rural communities;
- official transcripts of his/her high school marks (note: photocopies are acceptable provided that the photocopy includes the signature of a school or municipal official, along with that official's confirmation that the photocopy is a true copy of the original);
- a brief resumé outlining employment experience, community involvement and volunteer activity, recreational and cultural pursuits, etc.;
- written confirmation from the chief administrative officer of the local rural municipality, certifying that the applicant is a resident of the municipality.

JUDGING PROCEDURE

All applications will be reviewed by a committee comprised of AAMDC board members, staff or their designates. The successful candidate will be selected based upon a combination of the following criteria:

- citizenship and community involvement
- academic performance
- individual letter of application

PRESENTATION OF THE AWARD

The successful candidate will be awarded a cheque in the amount of \$1,000 upon receipt of confirmation of registration at a recognized Alberta post-secondary institution.

Recipients will be notified in September. Unsuccessful applicants are encouraged to resubmit the following year if they meet the criteria.

All interested persons are invited to apply for the AAMDC Scholarship by forwarding the required information to the following address by **August 7, 2015**.
